# ACCESSING A COMMUNICATION IN CENTRAL DATA EXCHANGE (CDX)

For several years, U.S. Environmental Protection Agency (EPA) has been providing important information relating to submissions under the Toxic Substances Control Act (TSCA) via EPA's CDX. It is important for TSCA submitters to access these communications which frequently contain time sensitive information. Below are the steps for accessing a communication relating to a TSCA submission in CDX.

#### Step 1. Notification Email Received

When EPA generates an electronic communication linked to a TSCA submission in CDX, a notification email is sent to the email address of the CDX registered account of the original submitter informing them of the communication's availability in CDX. These emails are sent from the address <a href="mailto:no-reply@epacdx.net">no-reply@epacdx.net</a>. EPA is aware that messages sent from this address are sometimes identified as SPAM by email servers and encourages individuals with CDX accounts to add <a href="mailto:no-reply@epacdx.net">no-reply@epacdx.net</a> to their list of safe or trusted senders in their email system.

A sample notification email is below. The notification contains the Submission Alias for the submission related to the communication. In most instances, the Submission Alias is automatically generated when a submission is created. This Submission Alias contains key information for identifying the submission related to the new communication. The portion of the Submission Alias in front of the dash (-) indicates the type of submission. For example, NAA indicates a Notice of Activity submission. The portion after the dash provides the year, month, day, and time of the submission. Below are some additional examples of submission identifiers you may see before the dash (-).

- NAA = Notice of Activity
- Primary Premanufacture Notice (PMN), Notice of Commencement (NOC), Biotechnology,
  Polymer Exemption, etc. = Section 5
- A date (Wed Sep 14 10:08:56 EDT 2022) = Section 8(e)

Please note that CDX allows a submitter to enter a custom alias at the time of submission and if a custom Submission Alias was created in the submission, the custom Submission Alias will appear in the notification email.

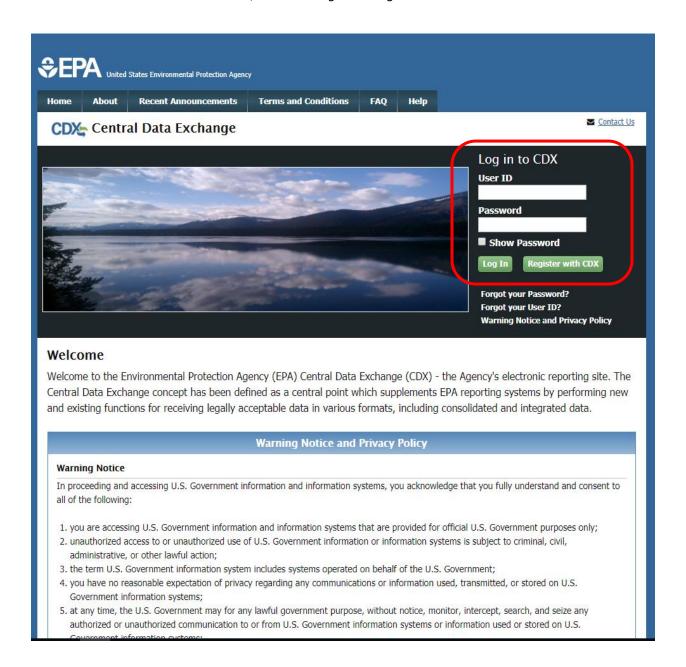

You are receiving this message because the U.S. Environmental Protection Agency (EPA) delivered a communication to your Central Data Exchange (CDX) account associated with a Toxic Substance Control Act (TSCA) submission. The communication can be accessed from the Notice of Activity reporting module's "Submission History" page in CDX.

CDX transactionId: \_c484c52f-3d61-4760-8547-3f990d853479.

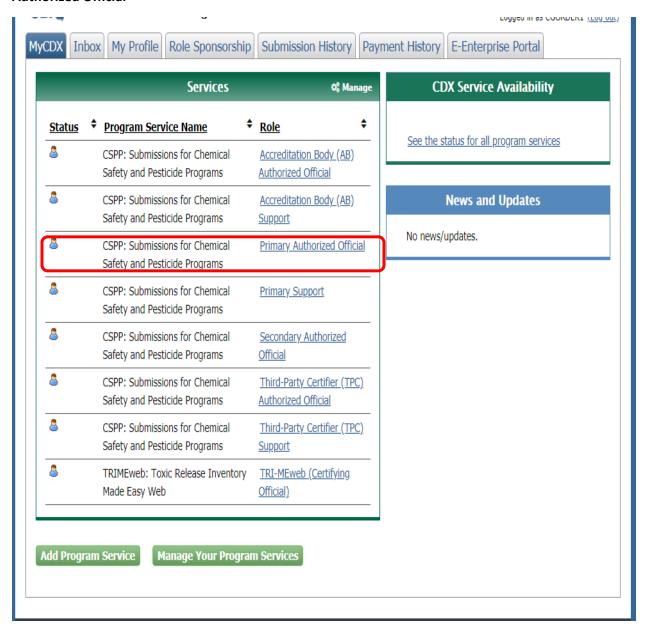

Submission Alias: NAA-20180726-11:57:39

### Step 2. Log into CDX (https://cdx.epa.gov/)

- For general questions about CDX, see the "FAQ" or "Help" tabs, or the "Contact Us" link at the top of the screen.
- To create a new CDX account, click on the green "Register with CDX" button

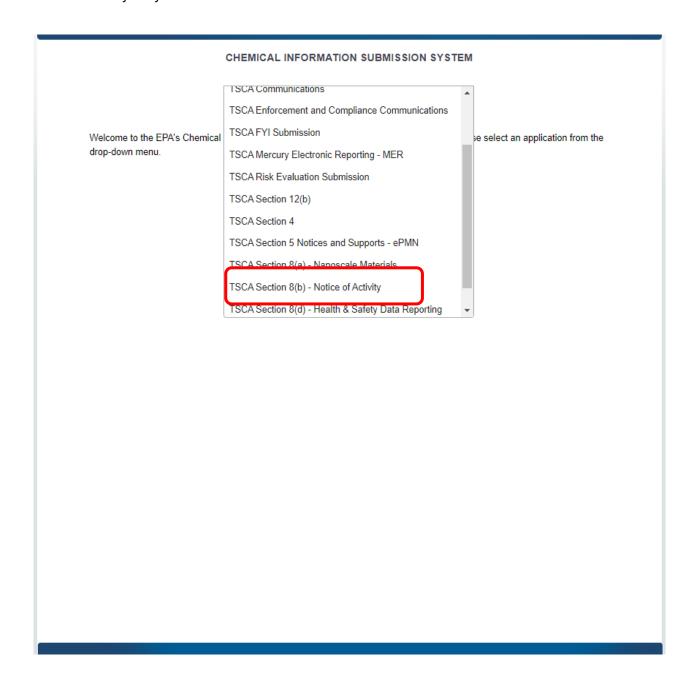

Step 3. Open the "CSPP: Submissions for Chemical Safety and Pesticide Programs" link as the Primary Authorized Official

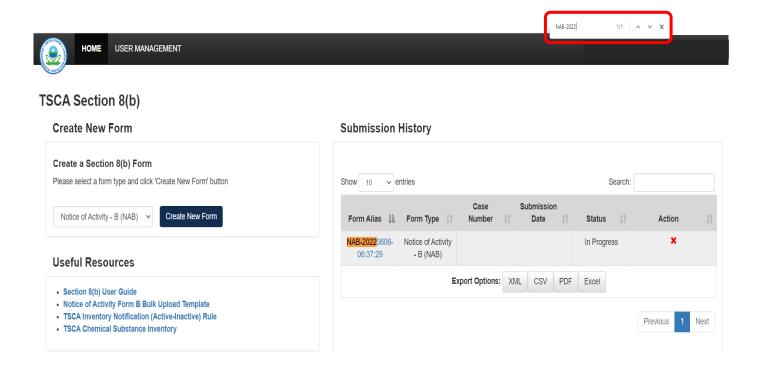

### Step 4. Select the appropriate submission type from the drop-down list and click "OK"

- The Submission Alias can be utilized to identify the correct submission type to access.
  - If you did not change the Submission Alias for your submission(s), the first portion of the alias identifies the application (this is not an exhaustive list)
    - NAA = Notice of Activity
    - Primary PMN, NOC, Biotechnology, Polymer Exemption, etc. = Section 5
    - A date (Wed Sep 14 10:08:56 EDT 2022) = Section 8(e)
  - If you did change the Submission Alias in your submission(s) please check your records for reference

Step 5. On the Submission History screen, search for the Form Alias (note that "Form Alias" and "Submission Alias" in the notification email refer to the same information) by clicking "CTRL + F" and entering the Submission Alias in the search box.

## Step 6. Click on the green arrow Icon within the Action column for the submission identified in Step 5.

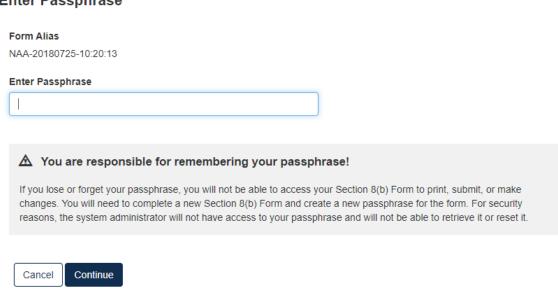

NAA-20180725- 10:20:13	Notice of Activity - A (NAA)	Show Case Number(s)	2018-07-26	Completed	±,

# Step 7. Enter the passphrase used when creating the submission.

- Clicking 'Cancel' will end the process of unlocking the submission.

# TSCA Section 8(b) ▶ NAA-20180725-10:20:13

# **Enter Passphrase**

Step 8. Provide the requested Password and response to your security question and click "Sign". (Screen appearance may vary depending on the application)

Welcome C G			

### Step 9. View or download the correspondence.

- Clicking the downward facing green arrow will allow you to open or save a copy of your communication(s).
- CDX records the date and time on which communications are accessed.
